INTRO_

Hold on

Send out the signal

Look! We have definitely picked something up.

'Do you come in in peace?'

Hold on - let me try again

We - we come in peace

CHORUS_

Tap into something that's more than you

Tap into something that's...

Tap into something that's more...

Tap into something that's more than you

Tap out of what they all wanna do

Tap out of what they all...

Tap out of what they all want...

Tap out of what they all wanna do

VERSE_ ONE

The zone; get in the zone

Step up the mood so you get in the zone

Kick off your shoes 'fore you step in the zone

Birdman put some respek in the zone

Ample ideas and concepts in the zone

Ankle and knee they connect in the zone

That's the joint

Reach the apex in the zone

That's the point

Smoke it affect the ozone

It's the joint!

Lavabeast

Wrap me up tight in these lava beats

Base statement class in Java beans

Mzakes face in balaklava seen? (Guqa)

Kneel at the throne

All week I'm strong Niel Apollo astronaut

Lunar walk skill at the throne

Gotta be Mike and not Shaquille O'Neil at the throne

Still I make 'em shake, make 'em shiver

Emcees take note as I stand and deliver

Hand on heart, other hand on quiver
And the hand won't quiver when your man pull trigger like...(blow)

VERSE_ TWO

We pick it up the way you artists be on that garbage
Flexin' like you man are hard but you spit the softest
Used to serve the sickest bars when you used to starve
Went from aiming for club empty bottles to being the target
I get it
You switched it all just for super stardom
Hoping that this is how you connect with all 'dem
Africa's Jean-luc Picard tripping on that star trek
Shock you when I'm on board it's not just a star, sun
Shocker when I'm on boards it's not just a god's son
Shaka when I'm on board it's not just a war room
Dropped one not cos I'm bored it's all cos I'm on one
You been know, I'm Miyagi waxing off son
You're Dineo, I'm miyagi; I'm ya father
Ranaka, the chief author: shout out to all them!
With love from their day one one, Zubz on one
OG_ wan Kenobi: OG_ one
Zubz on one!
